Dear Paul,

We want to express our appreciation for the fine work you did for us in extending the garage and creating a laundry room.

All costs, including change orders, were thoroughly discussed. The work was completed in a timely manner and is entirely to our satisfaction. You made some suggestions that made the project even better than we had envisioned it. We would be happy to give you an enthusiastic recommendation at any time.

Thank you again for a job very well done.

Sincerely,

Jean Brandstagen
